Dear Hiring Manager,

Thank you for the opportunity to apply for the registered nurse role within your company. As a current student studying at Lakeview College of Nursing, gaining this job experience is necessary for my growth in this field of study. With professionally nursing skills gained through nursing studies, hands-on clinical experience, nursing assistant certification, and student nurse intern hospital experience I believe I would be a great addition to your team. I am certain that I have the necessary skills to successfully do the job adequately and perform above expectations.

My nursing studies have given me an exceptional familiarity of key nursing practices, latest medical technology, and compassionate care values. During my clinical placements, I learned a variety of nursing skills on the job and developed the capability to think creatively, critically, and gain knowledge while providing exceptional care. I particularly got pleasure from my rotations in the emergency department and aim to specialize in this area.

Furthermore, I have demonstrated the ability to communicate well with patients and healthcare staff and have excellent attention to detail. In addition to my nursing education, my certified nursing assistant and student nurse intern experiences have helped me to build-up several qualities and skills particularly related to patient care and teamwork. For instance, in my present role as a student nurse intern at OSF Heart of Mary Medical Center I am tasked with providing patient-care activities to my assigned patients while working alongside my team of nurses to help gain valuable experience, teaching, and guidance which I hope to leverage into the Registered Nurse role within your company.

Ultimately, I am confident my training, dedication, and hands-on experience with patient care makes me an ideal fit for the new grad nurse position in the emergency department at Methodist Hospital.

I would greatly appreciate your consideration of my application and hope to hear from you regarding an interview at your earliest convenience. I am eager to discuss how my specific skills and abilities will benefit your company. I can be reached by the phone number or email address provided above. Thank you for your time and consideration.

Sincerely,

Cidney Hinchman
