

Exam 3 Study Guide

While this exam is over the content in DHW Chapters 9, 11 & 13 and ATI Chapter 4 & 6, it utilizes material you have already been tested over as we now look at implementing nursing practice in the community. So some of the topics on this study guide will require that you utilize the knowledge/material covered previously e.g. social determinants of health, health disparities, health promotion, levels of prevention, Health People 2020 & 2030, data sources, epidemiology. Also, refer to your Epidemiology rate worksheet to review the rate. There are 3 rate questions on this exam.

DHW: Ch. 9	Planning for Community Change	ATI: Ch. 4
1. What are some primary prevention interventions? DHW Pg 105 & p236 & ATI pp 34-35		
2. What are SMART goals and objectives? DHW Pg 200-202 & ATI p 35		
3. What is the WHO's Commission on Social Determinants? DHW Pg 187		
4. What are nurse-managed health centers? DHW Pg 208		
5. What are the stages of the program planning process and be able to identify examples. DHW pg. 199-204, ATI pp 34-35		
6. What do you need to plan and assess for with financial means for a community assessment? DHW Pg 206		
7. How do you evaluate the community program? DHW Pg 203-4 & ATI pg. 35 - What are the steps that you do in the evaluation? DHW Pg 203-204 (prioritization goes by the steps - you won't jump to step 5 without completing step 1)		
8. What is a population aggregate and be able to identify examples. DHW Pg 190 & ATI pg. 4		
9. What is a population-focused intervention and be able to identify examples. DHW pg. 190 & ATI pg. 31-33		
10. What are some stressors that can be identified in a community assessment? DHW Pg 190-193; ATI pg. 31-32		
11. How can a community assessment show health disparities? DHW Pg 195 & p 4 & p37, Lecture, Discussion		
12. How does collaboration between agency personnel who are implementing a program and the target population impact program planning? DHW pg. 202-203; ATI p 36		

DHW: Ch. 11	Community Assessment	ATI: Ch. 4
1. What are the components of a community assessment? ATI pg. 31-32		
2. What does community as partner focus on? DHW Pg 196, 200, 202 & 238 & ATI pg. 31		
3. What are the core public health functions and give examples of how the steps of the program planning process fit these core functions. DHW Pg 189-191, 229 & ATI pg. 32-33		
4.	4. Where can you get data and information for the community assessment? Be specific as to what each source has to offer including local, state, national, international and including "health-related" information. DHW pp 188-189 & p 238; ATI Ch 2 p 18 & pp. 32-35 a. Specifically for injuries and violence ATI pp. 32-35	
5. Review the Community Assessment process and know the sequencing of the steps of the process. DHW Pg 190-198 & ATI pg. 32-34 (See Figure 4.1) This is similar to the Nursing Process.		
6. What are the steps of analyzing the community assessment data? DHW Ch 11 p 229 & ATI pg. 33		
7. Utilize community assessment data to determine interventions for a community DHW pg. 226		

8. What is the functional health pattern assessment? DHW Pg 238
9. How do you get primary (direct) and secondary data for community assessments and what is each used for in the assessment process? ATI pg. 32-33 - Which sources do you get direct data from?
10. What is the collaborative model and how does this enhance community empowerment? DHW Pg 241 & ATI Ch 4 p 32-34
11. Why should or would you perform a community assessment? DHW Pg 228, 231
12. Who do you choose to perform a community assessment on? DHW Pg 229
13. How do you use health status indicators in a community assessment? DHW pg. 233-236 & ATI pg. 24, 32-35

DHW Ch. 13	Family Assessment	ATI Ch. 6 pg. 53-54
1. What activities are included in the family assessment and what do they provide the nurse? DHW pg. 275-276, 280, 287 & ATI Ch 6 p 54		
2. What are the actions of the functional assessment on a family? DHW pg. 277, 279		
3. What actions give a positive effect to nurses in Family-Focused home visiting? DHW pg. 281-282, 287		

DHW: Ch. 6, 7	Epidemiology-Rates	ATI: Ch. 3
1. Calculation of rates related to community assessment a. Cause-Specific Death (mortality) rate b. Neonatal mortality rate c. Prevalence Rate		

DHW Ch 1 & 2; & Social Determinants of Health Case Study	Social Determinants of Health	ATI: Ch. 1
1. Understanding aggregates 2. Understanding the influencing factors for social determinants of health
