Evaluation <ul style="list-style-type: none"> • Discuss how the client/family received the teaching • Identify strengths/weaknesses of the client or family in receiving teaching • Suggest modifications to improve teaching plan (What would have improved the plan?) 	Missing 2 or more of the following: <ul style="list-style-type: none"> • Discuss how the client/family received the teaching • Identify strengths/weaknesses of the client or family in receiving teaching • Suggest modifications to improve teaching plan (What would have improved the plan?) 	Missing 1 of the following: <ul style="list-style-type: none"> • Discuss how the client/family received the teaching • Identify strengths/weaknesses of the client or family in receiving teaching • Suggest modifications to improve teaching plan (What would have improved the plan?) 	Includes complete information of all criteria: <ul style="list-style-type: none"> • Discuss how the client/family received the teaching • Identify strengths/weaknesses of the client or family in receiving teaching • Suggest modifications to improve teaching plan (What would have improved the plan?) 	

Criteria	0 points	2.5 points	5 points	Comments
APA Format <ul style="list-style-type: none"> • Appropriate APA in-text citations and listed all appropriate references in APA format • At least 2 scholarly source(s) are utilized and should be 5 or less years old • Source(s) greater than 5 years old will not be accepted • Reference page complete 	No in-text citations present 2 or more references are greater than 5 years old 3 or more APA errors No reference page present	1-2 APA errors 1 reference is greater than 5 years old In-text citations appropriately cited Reference page present	No APA errors present In-text citations appropriately cited Reference page present and formatted properly	
Criteria	0 points	2.5 points	5 points	
Evaluation of Teaching Presentation <ul style="list-style-type: none"> Introduction of content Patient put at ease Eye contact Clear speech and organized presentation Environment conducive to learning Family included (if applicable) Accuracy of information Validation of learning status Use of teaching aids Appropriate non-verbal body language 	Missing 2 or more of the following criteria: <ul style="list-style-type: none"> • Introduction of content • Patient put at ease • Eye contact • Clear speech and organized presentation • Environment conducive to learning • Family included (if applicable) • Accuracy of information • Validation of learning status • Use of teaching aids • Appropriate non-verbal body language 	Missing 1 of the following criteria: <ul style="list-style-type: none"> • Introduction of content • Patient put at ease • Eye contact • Clear speech and organized presentation • Environment conducive to learning • Family included (if applicable) • Accuracy of information • Validation of learning status • Use of teaching aids • Appropriate non-verbal body language 	Includes all criteria: <ul style="list-style-type: none"> • Introduction of content • Patient put at ease • Eye contact • Clear speech and organized presentation • Environment conducive to learning • Family included (if applicable) • Accuracy of information • Validation of learning status • Use of teaching aids • Appropriate non-verbal body language 	
TOTAL				/30

Assessment of Client/Family (5 points)	Nursing Diagnosis & Goal of Teaching (5 points)	Interventions (5 points)	Methods/Teaching Tools (2 points)	Evaluation (3 points)
<p>Level of motivation for learning: Noncompliant/ not motivated</p> <p>Barriers to effective learning: Tired/ distracted by the TV; Relies on his provider to take care of him</p> <p>Health beliefs/values: Believes that he should eat whatever he wants and that he shouldn't be on a healthy heart diet.</p> <p>Psychosocial development: Ego integrity vs despair</p> <p>Cognitive development: Formal operational (Normal for age).</p>	<p>Nursing Diagnosis: Impaired skin integrity related to infection as evidence by swelling and redness of the left foot.</p> <p>Goal of Teaching: Patient will have a better understanding on how to properly care for foot ulcers and prevent future ulcers.</p>	<p>Intervention 1: Clean dressing daily, making sure it's dry. Rationale: This decreases the risk of infection (Hinkle et al., 2022).</p> <p>Intervention 2: Teaching proper medication adherence. Rationale: Taking medication as prescribed and the full course ensure the best outcome of treatment (Hinkle et al., 2022).</p> <p>Intervention 3: Teach about proper nutrition promoting wound healing. Rationale: Utilizing the MyPlate and eating foods high in protein and vitamin C promote wound healing (Hinkle et al., 2022).</p>	<p>Method 1: Discussion</p> <p>Method 2: Q&A/ Teach back</p>	<p>Discuss how the client/family received the teaching: The patient did not seem to care about the teaching. He seemed adamant on letting the doctors take care of everything.</p> <p>Identify strengths/weaknesses of the client or family in receiving teaching: Strengths: He was willing to learn/ hear about ways to properly care for his feet as a diabetic. Weaknesses: The patient seemed distracted and did not seem to retain any of the information that was talked about.</p> <p>Suggest modifications to improve teaching plan (what would have improved the plan?): In the future I would remember to eliminate all distractions.</p>
