

N321 Adult Health I

Clinical Reflection Form

Name: Tasnim Mustafiz

Date: 10/17/2022

Mid Term Journal

1. Discuss how you are feeling so far in clinical?
 - I have enjoyed my clinical experience this semester. I got the chance to apply my nursing skills this semester during my clinical. I love that we get to rotate this semester, allowing us to explore different specialties.
2. What have been good experiences?
 - I enjoyed being on the Med Surge floor and the PACU. I got to learn more there. The nurses in PACU were very informative and shared a couple of techniques to start an IV.
3. Have there been any bad experiences? Could you be nervous about a skill or communication?
 - No, I did not have any bad experiences. I had an excellent experience this semester. I got to learn and do a couple of the skills I learned in class. However, I was nervous to start my first IV.
4. Do you need to talk with anyone in private to discuss clinical?
 - No, I do not.
5. Is there anything else you would like to mention?
 - No, I do not. I had a pretty good clinical so far this semester.
