Assessment of Client/Family (5 points)	Nursing Diagnosis & Goal of Teaching (5 points)	Interventions (5 points)	Methods/Teaching Tools (2 points)	Evaluation (3 points)

<p>Level of motivation for learning: The patient expresses that they are motivated to learn by asking several questions of this nursing diagnosis.</p> <p>Barriers to effective learning: No barriers are noted as the patient is attentive and has full focus on the teaching.</p> <p>Health beliefs/values: The patient reports “wanting to be healthy”.</p> <p>Psycho-social development: this patient is in the Erikson stage of Generativity vs. Stagnation (Hinkle et al., 2022).</p> <p>Cognitive development: The patient is in the formal operational stage (Hinkle et al., 2022).</p>	<p>Nursing Diagnosis: Deficient knowledge related to insufficient information as evidenced by insufficient knowledge (Phelps, 2020).</p> <p>Goal of Teaching: The patient will demonstrate understanding of teaching (Phelps, 2020).</p>	<p>Intervention 1: Assess the patient’s level of knowledge to provide basic information or reinforcement teaching (Phelps,2020).</p> <p>Goal met. The patient does have some knowledge of osteomyelitis.</p> <p>Intervention 2: Provide written materials to reinforce teaching (Phelps, 2020).</p> <p>Goal met. The patient receives handout on osteomyelitis with pertinent information for this specific patient highlighted.</p> <p>Intervention 3: Communicate openly with patient (Phelps,2020).</p> <p>Goal met. This student and patient are able to communicate honestly as to how the possible osteomyelitis occurred.</p>	<p>Method 1: The patient demonstrates the teaching method of teach back with this information provided.</p> <p>Method 2: The patient demonstrates the teaching method of questions and answers. The patient asks many appropriate questions about the teaching and this student provides answers to the questions.</p>	<p>Discuss how the client/family received the teaching: The patient responds well to teaching by asking questions, teaching back, and reports motivation to “get better”.</p> <p>Identify strengths/weaknesses of the client or family in receiving teaching: The patient receives the teaching well by giving full attention to teaching by being engaged and while teaching the patient received a phone call and told the caller that they would call them back because the focus is on the teaching.</p> <p>Suggest modifications to improve teaching plan (what would have improved the plan?): This student could have sat down with the patient instead of standing.</p>
