

Reflective Activity

What are the major take-home lessons for you today?

It hard to let a patient pass away because you feel like you need to do something

What are the top three nursing actions related to the dying patient-specific to the patient's cultural needs?

Knowing what their needs are culturally specific
Knowing their wishes
Knowing how to care for their body after death

Who would you, as the nurse, consult to assist during the scenario?

Family and any references regarding specific culture.

How can I adapt my nursing practices to be more responsive to the unique needs of diverse patient populations?

Try to become more aware of specific cultural practices commonly seen in my workplace

How can I adapt my nursing practices to be more responsive to patients with death and dying process?

Understanding cultural needs for these individuals

What impact does NOT complete the specific death, and dying practices affect the patient? You as the nurse?

The hospital? Healthcare as a whole?
