A group of students from Lakeview College of Nursing will participate in the **Legacy Project at Survivor Resource Center in Danville, IL** on **02-08-2023** from **8a-4p**. The public is invited to attend.

Our group put together folders that staff members take with them to the hospital once a call is received for victims. These folders include information that are useful to the victims for further support or help. We also put together support pouches which contain hygiene products related to gender and/or age. These pouches are also taken to the hospital along with the folders. We helped put together educational books on safe dating and emotional journals that are geared towards school aged children. This activity was held at 27 N. Vermilion St, Danville, IL 61832.

Mariah Flores of Danville, IL (61832), Marianna Craighead of Milford, IL (60953), Paiton Frerichs of Fithian, IL (61844), Jakarra Dandridge of Danville, IL (61832), Christina Oakley of Danville, IL (61832), Anthony Morgan of Champaign, IL (61820), Chelsea Grubb of Potomac, IL (61865), and Marianna Kalembasa of Urbana, IL (61801) decided to volunteer at the Survivor Resource Center because this topic is very prevalent in the communities that we're from. The effects of this type of abuse trickles down within the communities and many victims are afraid to speak up to receive the proper help or support that is crucial in these situations. As future nurses, we decided to act by volunteering our time while educating ourselves on the advocacy that is needed for these victims.

Lakeview College of Nursing has provided excellence in nursing education since 1894. Lakeview currently offers a Bachelor of Science in nursing degree program in Danville as well as Charleston, Illinois.

For more information about this event please contact Lakeview College of Nursing at 217-709-0929.

Attached below are the photos of our group members from this day.
