Clinical Rotation Site: Operating Room

1. Briefly write about today's experience(s)

I watched multiple surgeries today including a hysterectomy and a total shoulder replacement.

2. What is one thing you learned?

I learned that the circulating nurse is solely responsible for charting during the procedures.

3. What is one thing you would do differently?

I would ask the nurse more questions.

4. What is your major "take home" from today's clinical experience(s)?

My major take home is that I really enjoyed the operating room and would like to learn more about what a registered nurse does.

5. Is there anything else you would like to mention?

I had a great experience.
