Clinical Rotation Site: Cancer Center

1. Briefly write about today's experience(s)
  - My experience at the cancer center was excellent. When I first got there, the staffs were very kind. The charge nurse showed me around and explained how chemo works. I got to learn new techniques and experience how to administer chemo drugs.
2. What is one thing you learned?
  - One thing is how to access a port.
3. What is one thing you would do differently?
  - I would not do anything differently. I think overall, I had a great day at the cancer center. I got to learn many things.
4. What is your major "take home" from today's clinical experience(s)?
  - The major take home was getting to practice sterile techniques to access ports. I also got to practice therapeutic communication with clients with cancer.
5. Is there anything else you would like to mention?
  - No, I do not.
