

We picked Crisis Nursery in Effingham for our Legacy Project. We split the volunteer hours into two days due to the director not having a set time for us. The two days we included were October 12th and 19th. During this time, we interviewed her, cleaned several toys, fridge/kitchen, children's rooms, carpets, and tightened screws on cabinet doors. We were unable to work with the patients due to confidentiality. They accept donations such as diapers, toys, clothes, food, etc. The staff at this facility was excellent to work with and welcoming. I would recommend this facility to anyone who needs volunteer hours.
