

N442 Exam 2 Concept Review

Spring 2024

While this exam is over the content in DHW Chapters 12, 22, 23, 24, & 25 and ATI Chapter 5 & 9 (pp 81-83), it utilizes material you have already been tested over as we now look at implementing nursing practice in the community and with special populations. So some of the topics on this study guide will require that you utilize the knowledge/material covered previously e.g. social determinants of health, health disparities, health promotion, levels of prevention, nursing diagnosis process, Health People 2020/2030, data sources, epidemiology. Also, refer to your Epidemiology rate worksheet to review the rate calculations. There are 60 questions on this exam.
