Justin Munoz

Introduction

Hello, my name is Justin Munoz, I am a Student Nurse about to graduate this May 4th in hopes of achieving my first goal of becoming a BSN. I want to show my daughters that with hard work and dedication, they can achieve anything in life that they pursue. I pursue this path as my career because I genuinely care about people, and I want to provide the most excellent care to those whom I care for.

Education

Georgetown-Ridgefarm High School
Dates: 27 August, 2012 - 13 May, 2016
Attachment:
High-School Diploma

Danville Area Community College
Dates: 22 August, 2016 - 14 May, 2021
Attachment:
Associate in Art of Science

Lakeview College of Nursing
Dates: 23 August, 2021 - 3 May, 2024
Attachment:

Experience

Community Alternatives of Illinois (CAIL) Rescare
Dates: 21 March, 2019 - 28th November, 2022
Attachment:
Authorized Direct Support Personnel (ADSP):

- The goal of a DSP is to help the client achieve their fullest potential in life while also giving the top quality care within a safe environment. We work together with the family, area supervisors, and DSPs with the client in goalkeeping to ensure their potential is within grasp. This eventually allows the client to formulate their own life goals extending their capabilities.

OSF Sacred Heart Medical Center

Dates: 06 December, 2022 - 07 January, 2024

Attachment:

Student Nurse I/Tech:

- The purpose of Student Nurse I is to deliver safe care based on highly individualized patient needs. Responsibilities include both PCT and student nurse responsibilities. PCT responsibilities include daily care, vital signs monitoring, and continuous assessment for any new signs/symptoms that are reportable. Student Nurse I responsibilities include head-to-toe assessment with certified RN shadowing, medication administration by observation, and hand-off reports with the assigned RN. Other duties include identifying and reporting the patient's concerns to the nurse/provider.
