Concept Synthesis

CLINICAL EVALUATION TOOL

Student Name: Kaitlyn Loewenstein**Clinical Day: Wednesday****Clinical Instructor: D Kamradt****Clinical Site: OSF-Sacred Heart****Scoring of Clinical Evaluation Tool:**

The clinical evaluation tool will be completed at Midterm and the end of the semester for a Final clinical grade. Each student performance will be assessed using an “M” (Met) or “NM” (Not Met) at Midterm and the Final. Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

COURSE LEARNING OUTCOMES

CLO 1: Synthesize acquired nursing knowledge to identify personal strengths and learning needs as a basis for professional development.

	Midterm		Final	
	M	NM	M	NM
Assume responsibility for professional development.	X			
Integrate exploration of nurse's role diversification and life-long learning.		X		
Implement a plan to strengthen opportunities for improvement.		X		
Build upon strengths to increase the basis for professional development.	X			
Evaluate self and performance identifying areas needing improvement.	X			
Seek learning opportunities to gain new clinical experiences.	X			

CLO 2: Model inter-professional collaboration in planning, implementing, and evaluating care to improve outcomes for an assigned group of patients.

	Midterm		Final	
	M	NM	M	NM
Promptly meet the needs of patients in an inpatient adult health setting.	X			
Provide safe and competent nursing care while collaborating with inter-professionals.	X			
Collaborate care to ensure that patient receives medication and treatments safely as scheduled.	X			
Apply knowledge of sound evidence when planning and giving safe, quality care.	X			
Seek information from the interdisciplinary team to collect data and ensure adherence to the patient's collaborative plan of care.	X			
Collaborate continued care with the patient, family, case manager/discharge planner, and other health care team members as	X			

needed.				
---------	--	--	--	--

CLO 3: Assess information management and technology to access resources, communicate, and promote patient safety.

	Midterm		Final	
	M	NM	M	NM
Research relevant resources to determine best practices for patients' current conditions and needs.	X			
Promptly respond to and document/report changes in a patient's condition.	X			
Perform focused assessments and interpret relevant data using technology and resources.	X			
Communicate patient's and family's preferences, values, and needs to other relevant healthcare providers.	X			
Promptly communicate changes in condition based on patient trends.	X			

CLO 4: Integrate principles of delegation, time management, and priorities of care as a beginning nurse generalist in a variety of health care settings

	Midterm		Final	
	M	NM	M	NM
Create a delegation plan and practice implementing.		X		
Implement basic methods involved in successful delegation.	X			
Promptly respond to and document/report changes in a patient's condition.	X			
Use time management principles to organize and manage care for two patients.	X			

MIDTERM PROGRESS

FACULTY COMMENTS: Kaitlyn began in PACU, spent a day on OB and finished on 4E (Med/surg). She has been hindered by the presence of clinical students from another school but has been able to shadow one of the nurses. She seeks out learning opportunities during slow time and is eager to assist staff and other students.
