Stage 1 (2 of 2 Correct)		
Scenario	Case management nurse Darcy and student nurse Jamie are visiting with Mr. and Mrs. Silver.	
Character	Nina Stein	
Selected Option/ Result	"Tell me what is concerning you most."	Result: Correct
Rationale	Open-ended questions are a therapeutic communication technique because they allow the client to direct the conversation and verbalize related thoughts and concerns.	
Character	Steve Silver	
Selected Option/ Result	"I will explain everything that is in the papers."	Result: Correct
Rationale	Reflection is a therapeutic communication technique because it directs questions and feelings back to the client in relation to what the nurse understood and heard, while encouraging the client to explore feelings and ideas about a situation.	
Stage 2 (2 of 2 Correct)		
Scenario	Case management nurse Darcy is meeting with healthcare team members regarding Mr. and Mrs. Silver's transfer to the skilled unit.	
Character	AP Trudy	
Selected Option/ Result	"We need to involve their daughter in all decisions about their care, so could you go invite her to meet with us?"	Result: Correct

Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Student nurse Jamie	
Selected Option/ Result	"We need to continue to remind Mrs. Silver of the move."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Stage 3 (1 of 2 Correct)		
Scenario	Nurse Darcy is discussing Mr. Silver and Nina's concerns about the transfer.	
Character	Nina Stein	
Selected Option/ Result	"I'm sure it's difficult for you to see your mother's disease progress."	Result: Incorrect
Rationale	Changing the subject is a nontherapeutic communication technique because it places the nurse in control over the direction of the communication while dismissing the client's feelings and desires.	
Character	Steve Silver	
Selected Option/ Result	"When did she start acting differently?"	Result: Correct
Rationale	Focused questions are a therapeutic communication technique because they allow the nurse to clarify a message, collect data, encourage feedback, and confirm the client's ideas and beliefs.	
Stage 4 (2 of 2 Correct)		
Scenario	Mr. and Mrs. Silver are not receiving the requested foods in the skilled facility.	
Character	Aide Tim	
Selected Option/ Result	"I'll meet with the dietitian to discuss this issue."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Steve Silver	
Selected Option/ Result	"Tell us more about the foods that are appropriate for your diet."	Result: Correct

Rationale	Open-ended questions are a therapeutic communication technique because they allow the client to direct the conversation and verbalize related thoughts and concerns.	
Stage 5 (1 of 2 Correct)		
Scenario	Nurse Darcy has a care conference to discuss Mrs. Silver's care.	
Character	Nina Stein	
Selected Option/ Result	"Why are you asking if there are other options?"	Result: Incorrect
Rationale	Asking a "why" question is a nontherapeutic communication technique because it can be perceived as accusatory, causing the client to become defensive and mistrust the person who asked the question.	
Character	Steve Silver	
Selected Option/ Result	"Fifty-five years is a long time."	Result: Correct
Rationale	Focused questions are a therapeutic communication technique because they allow the nurse to clarify a message, collect data, encourage feedback, and confirm the client's ideas and beliefs.
