| Scenario            | In this virtual simulation, you cared for Amira Hill. The goal was to complete a health history. Review your results below to determine how your performance aligned with the goals of this simulation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |            |
| Overall Performance | You met the requirements to complete this virtual scenario of a health history.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Score: 93% |
| Essential Actions   | <p><b>Required actions - 29 of 29 correctly selected</b></p> <p>Congratulations! You have demonstrated a thorough understanding of the required actions to complete a health history. You demonstrated an understanding of the following required actions: biographic data, current health status, health history, providing infection control and safety, review of systems.</p> <p><b>Interactive actions - 19 of 27 performed correctly</b></p> <p>You did not demonstrate a basic understanding of determining when additional information needs to be collected during a health history. You demonstrated an understanding of the following assessment techniques: review of systems.</p> <p>Spend time reviewing the following assessment techniques:</p> <ul style="list-style-type: none"> <li>• Asking about past and chronic illnesses</li> <li>• Asking about past surgeries</li> <li>• Determining history of present illness</li> <li>• Faith and spirituality</li> <li>• Gender identity</li> <li>• Race and ethnicity</li> <li>• Reviewing components of social determinants of health (SDOH)</li> </ul> |            |
| Neutral Actions     | <p><b>Neutral actions - 0 selected</b></p> <p>Neutral actions do not help or harm the client. Standard precautions of putting on gloves or sanitizing hands at the end of the scenario are not required.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |            |

### Notes

10.0 Minutes after start      Nursing/Clinician Note      Nurse

Reports volunteering at the library, engaging in a lot of activity with assisted living community. No concerns about food security or financial difficulties. Reports falling "a little less than a year ago"; tripped over a rug in her living room. Fell on hip and braced with right arm; had hip bruising and sore arm for about a week. Has given the rug away. Mother passed away when client was 14 from motor vehicle crash. Has a kitchen, but eats most meals in dining room of assisted living "that way I don't need to keep track of my nutrition, they make sure all the meals are balanced."
