

N311 - Foundations of Professional Nursing

1. I will score at least an 87/100 on all of my exams in Foundations of Professional Nursing this semester.
2. I will complete all of my assignments in one sitting and have no late work turned in by the end of the semester.

N312 - Basic Health Assessment

1. I will study for at least 2 hours every week for health assessment to score at least an 80% on the exams this semester.
2. I will ask 2 questions per class for the entirety of the first semester, and get at least a satisfactory grade on my lab skills check offs.

N313 - Basic Concepts of Pathophysiology

1. Maintain at least a 90% average in the course by completing all the FA Davis assignments by December 13th.
2. Study for the final exam starting week 4 using the course material due to it being cumulative.

N314 - Introduction to Professional Nursing

1. Complete and edit my first paper by September 18th so I can complete the next assignment before its due date.
2. I will score at least an 88% on my SMART goals poster and implement the goals in every class for the fall semester.
