

N433

**INFANT, CHILD, AND ADOLESCENT HEALTH
CLINICAL EVALUATION TOOL**

Student Name: Sarah Minacci
Clinical Day: Fridays

Clinical Instructor: Merrilee Wakefield
Clinical Site: Carle

Scoring of Clinical Evaluation Tool:

The clinical evaluation tool will be completed at Midterm and the end of the semester for a Final clinical grade. Each student performance will be assessed using an "M" (Met) or "NM" (Not Met) at Midterm and the Final. Students must receive an "M" for all performances to pass the clinical component of the course by the completion of the clinical experience.

COURSE LEARNING OUTCOMES

CLO 1: Coordinate with the interdisciplinary healthcare team, family and patient to provide developmentally appropriate health promotion, screenings, and care.

	Midterm		Final	
	M	NM	M	NM
Communicate relevant, accurate, and complete information in a concise and clear manner.				
Protect confidential information.				
Seek internal resources to assist in health teaching to meet family's learning needs.				
Coordinate the implementation of an individualized plan of care for client and significant support person(s).				
Facilitate the continuity of care within and across healthcare settings.				
Work cooperatively with others to achieve client and organizational outcomes				
Collaborate with the client, significant support person/s, and other members of the healthcare team to evaluate progress toward achievement of outcomes				

CLO 2: Utilize clinical judgment to provide safe, evidenced-based care for the pediatric patients and their families in various settings.

	Midterm		Final	
	M	NM	M	NM
Utilize assessment findings to determine and prioritize plan of care.				
Integrate cultural and spiritual assessment data into the client's collaborative plan of care.				
Applies the nursing process to develop a plan of care based on clients' needs to ensure client safety.				

Demonstrate an understanding of the client's disease pathophysiology evident in the plan of care.				
Assess the client's health status by completing a health history and performing a physical, cognitive, psychosocial, and functional assessment.				
Provide care that respects and is sensitive to the clients' and families' preferences.				
Consistently communicate with the client and family in a therapeutic manner.				
Report and document assessments, interventions, and progress toward client outcomes.				
Make clinical judgments and management decisions to ensure accurate and safe care.				
Identify and honor the emotional, cultural, religious, and spiritual influences on the client's health				
Provide accurate and safe nursing care in diverse settings				
Adapt care in consideration of the client's values, customs, culture, and/or practices				
Promptly meets the individual needs of clients in an inpatient pediatric health setting.				
Prioritize client care				

CLO 3: Correlate previous medical surgical knowledge, and pediatric adaptations to provide and document quality patient-centered care for patients.

	Midterm		Final	
	M	NM	M	NM
Applies evidence from a variety of resources to determine safe nursing interventions.				
Provides safe and competent client care				
Coordinate care for clients to create a culture of safety.				
Practice within the parameters of individual knowledge and experience.				
Perform focused assessments and interpret relevant data.				
Seek learning opportunities to gain new clinical experiences.				
Apply knowledge of sound evidence when planning and giving safe, quality care				

CLO 4: Demonstrate professional behaviors within legal and ethical standards to meet the age appropriate needs of the pediatric population.

	Midterm		Final	
	M	NM	M	NM
Evaluate self and performance identifying areas needing improvement.				
Maintain organizational and client confidentiality.				
Demonstrate accountability for nursing care given by self and/or delegated to others.				
Serve as a positive role model within healthcare settings and the community at large.				
Maintain organizational and client confidentiality.				

Attendance: arrives/leaves on time; proper notification given if absent; absent only if ill or absolutely necessary				
Appearance: appropriate dress, clean, well groomed, good hygiene; follows guidelines in student handbook				
Productivity: uses time wisely; follows safety practices, keeps work area clean & neat; follows directions/procedures				
Implement nursing strategies to provide cost efficient care
