Simulation		
Scenario	In this virtual simulation, you cared for Amira Hill. The goal was to complete a health history. Review your results below to determine how your performance aligned with the goals of this simulation.	
Overall Performance	You met the requirements to complete this virtual scenario of a health history.	Score: 91.2%
Essential Actions	Required actions - 28 of 29 correctly selected Congratulations! You have demonstrated a thorough understanding of the required actions to complete a health history. You demonstrated an understanding of the following required actions: biographic data, health history, providing infection control and safety, review of systems. Spend time reviewing: Identifying the reason for seeking care	
	Interactive actions - 20 of 27 performed correctly You did not demonstrate a basic understanding of determining when additional information needs to be collected during a health history. Spend time reviewing the following assessment techniques: - Asking about past and chronic illnesses - Asking about the reason for seeking care - Determining gynecological history - Faith and spirituality - Gender identity - Reviewing components of social determinants of health (SDOH) - Reviewing the client's concerns about respiratory status	
Neutral Actions	Neutral actions - 0 selected Neutral actions do not help or harm the client. Standard precautions of putting on gloves or sanitizing hands at the end of the scenario are not required.	

EHR Chart	
Instructor Review Status	Not Reviewed
Instructor Review	This chart has not been reviewed by the instructor. This report will populate with additional information when the status has changed.
Instructor Feedback	Instructor feedback can be viewed by accessing the link on the on-line version of this report. If your instructor has enabled the Expert EHR Chart, you may view the example in the attached page.

This expert chart is intended to assist in evaluating student performance in documentation for this activity. Only the tabs and tables of the chart that warrant entries are included, and the expert responses for comparing against student responses are indicated with bold text.

Amira Hill
MRN: 3453895
Allergies: none

DOB: 03/19/XXXX
Height: 61 in
Weight: 122 lb

Attending: Rani Patel, MD
Code Status: Full code
Comments: none

Notes

10.0 Minutes after start

Nursing/Clinician Note

Nurse

Reports volunteering at the library, engaging in a lot of activity with assisted living community. No concerns about food security or financial difficulties. Reports falling "a little less than a year ago"; tripped over a rug in her living room. Fell on hip and braced with right arm; had hip bruising and sore arm for about a week. Has given the rug away. Mother passed away when client was 14 from motor vehicle crash. Has a kitchen, but eats most meals in dining room of assisted living "that way I don't need to keep track of my nutrition, they make sure all the meals are balanced."

Immunization Record

HH 10.0 Minutes after start

Tetanus, diptheria, pertussis (Tdap) (7yr and older)

Facility/Location where immunization was given:

5 years before start

Comments:

Influenza

Facility/Location where immunization was given:

Comments: **Receives every year in October**

Pneumonia vaccine

Facility/Location where immunization was given:

Comments:

Varicella

Facility/Location where immunization was given:

Comments: **Reports having 2 doses**

Flowsheet

Admission

HH 10.0 Minutes after start

Informant(s)

Informant - If not patient
(name and relationship)

Admission Problems

Chief Complaint

Recently moved to the area. States "This is my first time at this office I have osteoporosis and need to get my shot."

Principal Problem - Admission Diagnosis

Additional Demographic Info

Marital Status

Widow

Is English Primary Language?

Yes

Preferred Language if Not English

Educational Level

Masters Degree

Religion/Spirituality

"I'm a practicing Muslim." Request a female provider.
States "I really like the community at the mosque I go to."

Occupation

Retired librarian (20 years ago). Began doctorate work but didn't complete dissertation

Race/Ethnicity

Black or African American

Comments

Client identifies as female gender and prefers the pronouns she/her/hers. Female sex assigned at birth

Home Medication List

Denosumab
Every 6 months, Subcutaneous

Is patient taking medication? Taking

Last taken: Last does 6 moths ago; has taken for 9 years

Ordered by:
Reason: Osteoporosis
Start Date:
End Date:

Past Medical History

Pertussis (Whooping cough)

Date of diagnosis: **During grade school**
Details and treatments: **"I got really sick"**

Varicella (chickenpox)

Date of diagnosis: **During grade school**
Details and treatments:

"Occasional cold"

Date of diagnosis: **About once a year;**
last 6 months ago
Details and treatments:

Menopause

Date of diagnosis: **During her 50s;**
denies bleeding or spotting post-
menopause
Details and treatments:

Measles

Date of diagnosis: **During grade school**
Details and treatments:

Osteoporosis

Date of diagnosis: **Age 75**
Details and treatments: **Bone**
density test at diagnosis. Began
denosumab injection at that time.

Past Surgical History

Cesarean Section

Date of procedure:

Has had 2 pregnancies, 2 Cesarean births at term;
one 7 pounds, the other 7 pounds 3 ounces

Family History

Myocardial Infarction

Family members affect: **Pt's Father**
Cause of death at age 86
