

Community Informatics Activity

Vital Statistics:

Go to <https://www.dph.illinois.gov/data-statistics/vital-statistics> and answer the following questions:

<p>1) What vital record events can be found on this website?</p>	<p>The vital records that can be found are abortions, births, deaths, Illinois population, infant mortality, marriage + divorce statistics, divorces, + vital records live largest baby born, oldest father, etc. throughout the state of Illinois.</p>
<p>2) Why would a public health nurse use this website for information?</p>	<p>A public health nurse would use this website so she has a better understanding of the type of population she could potentially be working with. She could gain knowledge on abortions + how to help those pts or if the death statistics are high it could help her find a reason why this is going on throughout the state.</p>

US Census Bureau:

Go to <https://www.census.gov/data.html> and answer the following questions:

<p>1) What information can be found on this website?</p>	<p>The census + populations of the whole United States. You can also find individual state to state population. It covers states, counties, places, tribal areas, zip codes, + congressional districts.</p>
<p>2) Why would a public health nurse use this website for information?</p>	<p>A public health nurse could use this because the website even breaks down income + poverty rates in certain areas. If the nurse is working with pt. within that area then she can be prepared with different resources + tools to help families if the poverty rate is high within that area.</p>

Coles County Health Department:

Go to <https://colesco.illinois.gov/chd/> and answer the following questions:

<p>1) What vital record events can be found on this website?</p>	<p>This website is vital because it has a lot of information that would be helpful for the people that live in Coles County. It has information on COVID-19, environmental health, nursing, non-discrimination, and court records within the county, + how to make payments if need be.</p>
<p>2) Why would a public health nurse use this website for information?</p>	<p>This website would allow the public nurse provide quality health services through prevention, education, health promotion, + protection efforts for optimal health for the pt. in Coles County. It is a great informative website that can help pt. within the county for any information that they are looking for needing.</p>

Centers for Disease Control and Prevention:

Go to <https://www.cdc.gov/> and answer the following questions:

<p>1) What vital record events can be found on this website?</p>	<p>This website is vital because it is a good resource for patients to go to if they are experiencing any type of illness. They have all illnesses from A to Z on this website. There is education, prevention, + care after education for each illness + disease.</p>
<p>2) Why would a public health nurse use this website for information?</p>	<p>The public health nurse could use this website to print off information for patients dealing with any illness or disease. It is a good educational website that is easy for patients to follow + get education.</p>
