Mid Term Journal

1. Discuss how you are feeling so far in clinical?
 - So far clinicals are alright. The hours are long, but I appreciate that we are working hand in hand and hand with a nurse. Last semester we did a lot of CAN/tech work but this semester I get to ask questions and use what I'm learning in class with what I'm doing in clinicals.

2. What have been good experiences?
 - I enjoyed going to PACU. I got to sit in 4 surgeries, and I was asking questions on top of questions on top of question. It was very interesting.

3. Have there been any bad experiences? Could be you nervous about a skill or communication?
 - There haven't been any bad experiences thus far.

4. Do you need to talk with anyone in private to discuss clinical?
 - No, I do not

5. Is there anything else you would like to mention?
 - n/a
