

Clinical Reflections: #1, #2, #3, #4

See the grading rubric below:

1. How does this clinical site relate to Population/Global Health?

The Dwelling Place in Danville, Illinois, offers many services for the residents. They offer warm showers, laundry facilities, meals, clothes, hygiene items, temporary housing for homeless families, bus passes, and a safe place to gather and socialize. They primarily serve the low-income and homeless population, but everyone is welcome. This site relates to population/global health because it helps individuals get services or supplies they need for survival.

2. How were you an engaged nursing professional during this clinical experience?

During my time at The Dwelling Place, I was engaged as a nursing professional by handing out hygiene items, packing food for lunches, sorting through donations, and inventorying food for the kitchen.

3. How did you or could you contribute to the service of the community through this clinical site?

I could contribute to the service of the community through this clinical site by donating time as a nurse to help with healthcare, including mental health. I could educate the population on various items regarding how to better take care of themselves. I could also donate time by volunteering in the capacity as I did, such as in the kitchen, donation closet, cleaning, or passing out hygiene items.

4. Name 3 ways this clinical site impacts community health?

This facility impacts community health by helping individuals get necessities such as food, shelter, and showers. It also allows individuals to socialize, which helps with their mental health and access to technology if needed.

5. Name 1 way this clinical site could better serve the community and why?

The Dwelling Place could better serve the community by offering more specialized services; however, they need many more volunteers to do this.

6. What health risks are experienced by the population served by this clinical site?

This population has many health risks, which include mental health and physical health, due to not having the funds or access to the proper care needed.
