

N322: Self & Peer Evaluation Form for Student Participation in Group Work

This evaluation form is to be completed by each N322 student who has worked on the Polypharmacy Project. This form must be submitted to the Edvance360 dropbox designated for that assignment evaluation.

These remain confidential. A lack of participation as evidenced by your group members on evaluations could result in a lower grade than the rest of your group members.

Directions: Write the name of each student member (including yourself) of your group in the appropriate column area titled “Group Members.” Using the group participation rating scale indicated below, evaluate the participation of each member of your group by writing a number in the appropriate category columns.

Be sure to evaluate your own participation. (Comments required for score less than 3)

Self & Group Participation Rating Scale: 4 = Superior, 3 = Good, 2 = Fair, 1 = Poor

Name of Assignment: Polypharmacy Project #6

Group Members Include Yourself	Amount of Work Contributed	Available & on time for meetings. Submitted work, and communicated in a respectful and timely manner	Cooperation	Quality of Work Contributed
1. Tayelor Lowe	4	4	4	4
2. Kacee Sands	4	4	4	3
3.				
4.				
5.				
6.				
7.				

Comments:

Overall, Kacee was great to work with! My only complaint was that I felt her work was kind of sloppy. I printed the material out on Monday to act like I was the one grading it. After she told me she was done with her sections, I went through and graded it. There were lots of spelling errors, missing pieces of information, and confusing information. I had to go through and tell her to add certain things based off the rubric. Even when I was done, I had to go back through and fix some of her grammatical errors. However, if that is the biggest problem, then I am happy because other than that, it was a pleasure to work with her. I know this will stay confidential, but I do want to say that I hope this does not get back to her because I do not want hurt feelings.
