Clinical Reflection Form

Name: Ihacee Sands

Date: 4/15/25

End of clinical Journal

1. Briefly write about your experience(s)

I had a wonderful experience this semester, I feel like it gave me the best learning experience as you get to see a lot of hands on things.

2. What are things you learned?

We learned how to give meds, and place intravenous lines

3. What are things you would do differently?

I would suggest possible being on 4<sup>th</sup> floor in the morning then after lunch going to a different unit in the afternoon when there is a lot of down time

4. What is your major "take home" from clinical experience(s)?

I feel that I developed we and got a lot more comfortable with medications

5. Is there anything else you would like to mention?

NO.
