Time Use And Score		
	Date	Time
Virtual Application: Tamika Shaw - Simulation	10/14/2025	32 min

Simulation	
Scenario	In this virtual simulation, you cared for Tamika Shaw. The goal was to complete a focused abdominal assessment. Review your results below to determine how your performance aligned with the goals of this simulation.
Overall Performance	You met the requirements to complete this virtual health assessment scenario. Score: 79.2%
Essential Actions	<p>Required actions - 12 of 14 correctly selected</p> <p>You have demonstrated a basic understanding of the required actions to complete a focused health assessment based on this client's health status. You demonstrated an understanding of the following required actions: auscultating the abdomen, communicating with the client to elicit additional information, palpating the abdomen.</p> <p>Spend time reviewing:</p> <ul style="list-style-type: none"> Inspecting skin of the abdomen When to sanitize hands when completing client care

<p>Essential Actions</p>	<p>Interactive actions - 1 of 2 performed correctly</p> <p>You did not demonstrate a basic understanding of assessment techniques within the focused health assessment based on this client's health status. You demonstrated an understanding of the following assessment techniques: palpating the abdomen. Spend time reviewing the following assessment techniques:</p> <ul style="list-style-type: none"> • Auscultating bowel sounds <p>Expected/unexpected findings - 2 of 4 correctly identified</p> <p>You demonstrated a thorough understanding of the expected and unexpected findings from the focused health assessment based on this client's health status. You demonstrated an understanding of the expected and unexpected findings of the following: auscultating the abdomen. Spend time reviewing the expected and unexpected findings of the following:</p> <ul style="list-style-type: none"> • Inspecting skin of the abdomen • Palpating the abdomen
<p>Neutral Actions</p>	<p>Neutral actions - 3 selected</p> <p>Neutral actions do not help or harm the client.</p> <ul style="list-style-type: none"> • <i>Only</i> questions specifically related to the focused abdominal assessment are necessary. • <i>Only</i> steps specifically related to the focused abdominal assessment are necessary.
<p>Actions of Concern</p>	<p>Order violations - 2 selected</p> <p>Order violations occur when you move through the sequence of body areas in the incorrect order; move through the assessment techniques of inspection, palpation, and auscultation in the incorrect order; fail to place or remove gloves when required; or fail to provide for privacy or safety considerations before initiating or concluding a health assessment scenario.</p>
