

Please answer the following questions: Perfect! You scored 6 out of 6 correct.

1. What is the baseline of the FHT?

- 120
- 125
- 130
- 135
- 140

**Correct.** Remember, the baseline is the average heart rate rounded to the nearest five bpm.

2. Describe the variability.

- Absent.

**Correct.** Minimal variability should be

Please answer the following questions: You scored 5 out of 6 correct.

1. What is the baseline of the FHT?

- 120
- 125
- 130
- 135
- 140

**Correct.** Remember, the baseline is the average heart rate rounded to the nearest five bpm.

2. Describe the variability.

- Absent.
- Minimal.
- Moderate.

**Correct.** Moderate variability here represents a well-oxygenated fetus in spite of the concurrent decelerations.

Please answer the following questions: Perfect! You scored 6 out of 6 correct.

1. What is the baseline of the FHT?

- 120
- 125
- 130
- 135
- 140

**Correct.** Remember, the baseline is the average heart rate rounded to the nearest five bpm.

2. Describe the variability.

Please answer the following questions: Perfect! You scored 6 out of 6 correct.

1. What is the baseline of the FHT?

- 165
- 170
- 175
- 180
- 185

**Correct.** Remember, the baseline is the average heart rate rounded to the nearest five bpm.

2. Describe the variability.

- Absent.
- Minimal.
- Moderate.
- Marked.

**Correct.** The variability is moderate.

3. Are there accelerations present?

Please answer the following questions: Perfect! You scored 6 out of 6 correct.

1. What is the baseline of the FHT?

- 150
- 155
- 160
- 165
- 170

**Correct.** Remember, the baseline is the average heart rate rounded to the nearest five bpm.
