

Illinois Poison Center

Poison Prevention Education Verification

Levi Hahne

has successfully completed the Illinois Poison Center's Poison Prevention Education Course. The goal of the course is to increase awareness and knowledge of U.S. poison centers and Illinois Poison Center services as well as provide poison prevention education and materials for creating safer home, play and work environments.

11/21/2019: 1 hour

This course is eligible for 1 hour of CE credit from Gateways to Opportunity for Illinois childcare providers (Event ID: AE:74710293) and the Illinois Department of Public Health for Illinois: RN, Paramedic, PHRN, EMT-1/AEMT, EMT and FRD/EMR professionals (site code: 0907-00E-0620).
