

Phone interview with Jenna Funneman  
Conducted April 15, 2020

**Q: Are there schools in the area?**

*A: Yes. In Teutopolis, there are 3 schools. Grade school, junior high, and high school. I work in the grade school as a teacher's aide.*

**Q: How do they look?**

A: The schools are very clean and organized. All three of the schools have been around for a while. Most of my family attended the high school. Teutopolis is about to tear down the old part of the high school and build on.

**Q: Are there libraries?**

*A: There are libraries in each of the schools. There is not a public library in Teutopolis, but there is one in Effingham.*

**Q: What is the reputation of the schools?**

*A: Teutopolis is known for being a sport-oriented community.*

**Q: Are there extracurricular activities available?**

*A: There are many clubs and activities for school-aged kids to participate in. Examples include the school newspaper, book club, sports, national honor club, Spanish club, cheerleading, scholastic bowls, and many others.*

**Q: Do you have school nurse?**

*A: All three schools share the same nurse.*
