

CME ACTIVITY INFORMATION

Activity Name: Maternal 911 Education System, LLC

Activity Code: 92837

Release Date: June 15, 2023

Expiration Date: June 14, 2026

Estimated Time of Completion: 20 hours

Educators: Michelle Becher, DO, Co-Founder & Partner, Maternal 911
Shelly Betancourt, WHNP-BC, CEO & Founder, Maternal 911

Target Audience: Physicians, midwives, nurses, and medical students.

Upon completion of this activity, the learner will be able to:

- Explain imminent birth and how it can occur.
- Recognize the signs and symptoms of imminent birth.
- Identify the risks associated with imminent birth.
- Initiate the preliminary steps of imminent birth with preparation of equipment.
- Describe the medications used for resuscitation and how they may affect the mother and fetus.
- Develop sound critical judgement in the delivery of health-care in unit when an imminent birth occurs.
- Discuss the learning theories and instructional implications regarding health care delivery in a labor and delivery unit when DIC occurs.
- Develop, implement, and evaluate health care delivery in a practice setting prior to an actual event.
- Address issues and implement changes in the health care unit as necessary to ensure a safe environment as well as convert proven learning into actual health care delivery.

Accreditation Statements
