****Pre-recorded Culturally Responsive Webinars****

--Scroll to bottom of this email to view details for 2 LIVE webinars on 1/25 and 1/31--

Here are some options for **pre-recorded webinars** that meet the **CR initiative requirement**. If you deem that the trainings are applicable to the services that you are currently providing, please connect with your Supervisor to review and get written approval to view the course(s). We advise that you prioritize the first option below (3-part series) as it was provided directly by DMH.

Supervisors – All staff is required to receive approval prior to attending any training (in-person, live webinar, pre-recorded webinars) if they are doing it during regularly scheduled work hours. We leave it up to your discretion to approve your team members' participation in any of the pre-recorded webinars below to meet their CR training requirement; however, please ensure that the training is in alignment with the type of services that the team member is providing. Note that most webinars will not provide you a **certificate of completion**; therefore, we have created the attached **Training Approval/Confirmation Form** to confirm staff's participation/attendance. A supervisor must sign off to confirm the staff member has completed the online session(s). Please complete and save for your records – you do not need to submit this form to PCTI.

The Cultural Diversity Committee is actively working on identifying additional in-person and online trainings. We will keep you informed on additional resources.
