

Morris 438 Wholesale Parts Action Plan

In 2023 Blasius Chevrolet Cadillac grossed \$1,683,828 in wholesale parts sales through November for an average of \$153,075 per month.

My goal is to increase our monthly average for wholesale parts sales to \$165,000 per month by January 1, 2025. This monthly increase would lead to a yearly increase of \$143,100.
