Departmental Action Plan

Dealership **Tony Graham Toyota**

Academy Week **Week 02 - Fixed Operations 1 Parts**

Class & I

Current Situation

Newley renovated parts area, need to maximize boutique portion

Overall Objective:

We want to increase profit in our customer facing boutique area.

Proposed Timeline

This will be an ongoing project. However, I would like to see a noticeable jump

Action Plan

Describe necessary actions to reach desired result: Need to evaluate what our

Requirements

1. Meeting with Dealer: Meeting with Maureen Graham and senior managers to i boutique area
Action Proposed: We would have to up our budget for items like Toyota mem accessories, and clothing.

Describe what is in place to support desired goal:

2. We would need to set up training with parts counter reps. They have to be more inviting for our clients, give them the feeling that they want to do business mentality. We also need to make sure we're merchandising this area properly. I would like to see a local department store who's in charge of setting up their store front. I would like to see individuals and bring them in 3-4 times a year as a consultant.

Accountability: Monitoring progress:

Who: Parts Manager

What: Making sure we're stocked properly, and parts (sales) staff are trained in

3. By When: On going. Would like to see an improvement in the first quarter of 2019. New tasks for the department

How: Constant monitoring, and re-evaluating customers needs

Describe checkpoints that have been established to measure progress:

4. This would be based on monthly performance, and quarterly re-evaluation of sales in place

5. Estimated cost for implementation: Now that renovations are complete, the only cost is for the new signage.

Projected Date of Completion:

March 31st 2019

Sponsor Signature: _____

Evaluation of Results: Include measured results.

(± Metrics)

I think we will see a small bump in January sales, as this will be when we're ramping up our inventory to coincide with Toyota Red Tag, and in Canada our tire season so we can maximize sales during our promotion score from Toyota. But I think having a customer facing area will help improve both our sales and service.
