Academy Week

Class & #

Current Situation

The current parts manager and team do not track lost sales. I spoke to the Parts Manager for his test source and rolls parts into stocking source from there.

Overall Objective:

To have the parts manager and counter people track lost sales. This will help parts mix. In turn this will lower emergency purchases and SOP's.

Proposed Timeline

Parts has started tracking lost sales as of 12/15/2018 and will continue tracking. We will continue to track but this time period is to determine the actual affect.

Action Plan

Describe necessary actions to reach desired result: The parts team will start a meeting outlining what we qualify as a lost based on the information provided in the MGR report weekly to track results.

Requirements

Meeting with Dealer:

1. Action Proposed: The parts team is going to track lost sales in an effort to gain insight into emergency purchases. This will help improve the phase in phase out process and build up.

Meeting with stakeholder(s) (dealership personnel):

2. Describe what is in place to support desired goal:
Training / Coaching / ±Consequences related to results / Pain & Gain
train using NADA guides as to what a lost sale is. We will coach during weekl

Accountability: Monitoring progress:
Who: Parts Manager and Counter people.

3. What: Track lost sales
By When: 5/15/2019
How: See action plan above

Describe checkpoints that have been established to measure progress:
Daily / Weekly / Bi-weekly / Monthly /

4. Date(s) for review: We will review the lost sales results weekly, and adjust ph.

5. Estimated cost for implementation: \$0

Projected Date of
Completion:

5/15/2019

Evaluation of Results: Include measured results.
