Overall Objective:

Increase parts retail and wholes sale gross profit. Generate new business and and our parts department.

Proposed Timeline

This is a process that I initiated the day I returned from NADA Parts week. U d due to pay phone skills.

Action Plan

We started by showing the parts director and advisors how many calls were c

Requirements

1.

I met with the Dealer to show him how his parts department was lossing mone follow up on dropped calls.

2.

I met with the Parts director and his advisors to explain to them the benefits that increased gross profits and more income for them.

3.

We have setup a phone call capture program that is attached to all incoming calls being handled and to be able to follow up on missed opportunities.

4.

The Parts Director is required to hold a 15 minute save a deal meeting three times a week on wholesale and phone sales to identify growth potential.

5.

The Estimated cost for implementation: 1. Phone training by an outside vendor

Projected Date of Completion:

December 2019

Evaluation of Results: Include measured results.

(± Metrics)

Impact Areas:

Sales / Gross / Expenses / Net Profit / CSI / All of these areas have seen an increase in profit. Our Parts sales have seen a 5% increase, Because Parts is not rated on our CSI, we can profit. Overall the growth that we have witnessed is high in comparison to the idea of any one customer. Phone calls play a major part in increased Parts profit.
