

Fixed Operations One Homework Assignment

The following are Excel exercises found in the Post Class Excel Template:

1. Perform the First Time Fill Rate exercise on 50 repair orders. Do not include "One item oil changes", Special Ordered Parts repair orders, or factory recalls. Consider standing where the techs collect the parts from the counter. If they ask for 5 parts and they get all 5 then on that repair order the parts inventory would get a 100%. If they did not get all 5 to finish the repairs then the Parts inventory would get a "0" % **(25 points)**.
2. Complete the DMS Scorecard for one month. Be sure to color code the inventory conditions. **(25 points)**
3. Complete the Post Class Action Plan. The Academy would recommend that you attempt a small problem rather than one that takes many months to complete. It needs to be very detailed and clear as to the necessary steps to correct the deficiency. **(100 points)**

The following are found in the Post Class Word Document:

1. Have your Parts Manager answer the 78 questions provided in the Post Class word Document. This is a learning/understanding exercise. It is recommended that you answer the questions with the manager. Confer and provide suggestive actions. Change the color of the font to distinguish the answers. **(50 points)**
2. The sponsor action plan verification form is on the word document. Copy and paste that form to be signed by your sponsor. Scan it to a PDF and place it with the Excel and Word documents prior to placing them into its drop box on your class site.
3. Please email all of the assignments to me at cbavis@nada.org and include your name and class #. Remember that this is due the Monday before your service class starts. This allows the instructor to grade it prior to your arrival. Good Luck. Reach out if needed.
4. There is a Post Parts Class Threaded Discussion that will be activated exactly two (2) weeks after your classroom session ends. It will be open for two weeks only. You will be required to post the one topic that you came away with from the parts class that you have already activated or plan to act upon with the parts department. Once your peers start posting theirs you will be required to respond to at least three with points of clarification and reinforcement. This has a point value of **300** points.
5. Finally: Best Parts idea needs to be posted to your class site Parts Best Idea Threaded Discussion. This should be an idea that helps control expenses or increases sales or gross profit. Please have all of them read

just prior to your parts debrief the Monday of your Service Week. The class will ballot on the best idea at the 9:00AM break.

Parts Manager Questions

Have your parts manager answer the **78** questions found in this zip file. Confer and provide suggestive actions. **(50 points)** **Provide your answers in a different color font.**

1. How often is your dealerships source pricing levels reviewed for competitive maintenance and heavy repair? **Semi Annually.**
2. Compare the pricing policies in the parts department and see how competitive your Dealership is within your area. **We are in line and competitive with the local repair facilities.**
3. Verify with the use of market surveys on selected parts prices in your area as to whether you are competitive with others. You don't have to be the lowest to sell more, but too little or too much profit can keep you from being competitive.
4. Does the computer system you have follow one or more of the pricing guides for various types of customers? Review the pricing structure with the manager and determine areas of profit potential. Policies in wholesale, retail counter, service department, employees, etc., need to be established. **Yes. Wholesale has set pricing. Retail Counter is a retail, less any coupons. Service Dept is Retail, less any coupons. Employees pay cost + 10%.**
5. Do you have in place policies and DMS controls (via Exception or Deviation Reports) to prevent counter people from changing the pricing structure during daily transactions? What about Service Advisors? **Yes. Parts counter people can discount parts. Service advisors cannot.**
6. Is there a process followed to prevent the costing of parts at other than the established factory (OE) cost within the dealership when parts are placed into the inventory? (done through the use of +/- inventory adjustment account(s)) **We use an In & Out process, since it is never put into physical inventory. It is charged to the R/O immediately.**

7. Regardless of parts cost (due to various sourcing opportunities (Jobber/Wholesale Distributor), are they all costed at the same factory price to maintain accurate inventory value? **Yes**
8. How are discount purchases tracked in the system to show additional profit based on the cost of the part from a particular source other than factory price?
9. Do you have an internet presence for your parts department? **No**
10. What type of merchandising programs do you have in effect? What is the relative cost versus sales generated as a result of the programs? **No Parts specific advertising other than what is tied to service.**
11. Is an outside salesperson active in your parts department? Are the sales at a level that “pays” for the employee or could the accounts be maintained on a part-time basis by the manager? **Ford Parts. They are our outside sales.**
12. Do you have factory merchandising dollars available, and if so, how much of those dollars have been spent year-to-date by the dealership? What must be done to qualify for more expense sharing in merchandising by the factory and the dealership? **No.**
13. With the growing use of mobile smartphones by customers do you have a mobile ready website? **No.**
14. Do you periodically check your online internet Parts coupons? How often are they checked? How often are they updated? **Updated Monthly.**
15. Pay plan reviews should be made at least on a monthly basis. When has a comparison been made between departmental gross profit and the personnel expenses for the department? Is the current sales level providing a sufficient profit for the pay levels established for the parts employees?
16. Does the parts department actually seek additional revenue or “live off” the sales of the service department only? If not why not? **We seek additional revenue. We have a Retail Parts counter and we wholesale parts.**
17. Is a program set up to sell accessories to the customer in the sales department as well as the parts area of the dealership? If not, are you leaving potential sales and gross profit on the table? **Yes. We have a Sales Accessory program/showroom.**
18. Do you review wholesale customers weekly to see if parts sales dollars per customer and returns justify the expense of conducting business with them? For example, delivery 30 miles out of town to a customer ordering \$300 a month of parts at Cost+20% may not justify the delivery service. **No.**

19. Do you study your wholesale market opportunity with the dealership's area of influence? Who's the major player and can you unseat them? Can you make a difference against your competition? Can you deliver 2-3 times a day? Within what mileage radius? **Yes.**
20. Who verifies the "wholesale" customer applications to make certain they are really true wholesale customers? Are your state Tax-ID/Wholesale Certificates current (within the last two years?) **Our controller. Yes.**
21. Discuss monthly expense control with the parts manager and identify specific areas under the manager's control. If expenses are allocated and not charged on a controlled basis, consider basing pay programs on sales or gross rather than net profit as part of the plan. **No advertising expenses. Expenses are personnel and rent.**
22. Who determines credit approval for parts customers and what screening system is applied? Who follows the receivables list in a timely manner to make certain payment is made by the customer without exceeding the account limits? **Controller.**
23. Is the financial statement for the parts department given to the manager and discussed on a weekly/monthly basis? **Yes. Monthly.**
24. What are the special parts ordering policies for SORs? Where is it written and posted? When was it reviewed and what level of management approved it? **We do not have a written policy for SOP's.**
25. Do you require 100% pre-payment on these parts? Do you differentiate between Counter Retail/Wholesale and Service RO? **There is no Pre-Payment required.**
26. What time is set to retain these parts and then initiate a return? Is a return charge made on customer pay parts that are returned because the customer did not return for them within a time limit? **Toyota has a 60 return policy. No return charge in that time frame.**
27. Who are the parties that are involved in the SOP process start to finish? **Parts & Service.**
28. Are special order forms completed in a legible manner so that the customer information can be read? **Ordered on the service invoice or Repair Order.**
29. Where are special order parts for the service department located? Who notifies the customer the part is in, and who determines when to send the parts back if no response is made by the customer? Is anyone designated to follow up on SOP's,

- the lack of return? [Special Order bin. Parts sent back to OE at 60 days. List is printed daily and provided to service advisors.](#)
