

Jonathan Rodarte

Well we really don't do a lot of wholesale anymore, We recently cut off our outside driver company. Was costing us more then we were making. All our wholesale is will call and list minus 20 percent. We were working to hard with no profit. With all the TMP,RETURNS, AND ALL THE SHADY SHOPS. With all that we did its been so much better less headaches. Only the REAL shops buy now. Works a lot better.
