<p>Note: I used the CDK fill rate report but eliminated all RO's for non GM makes and RO's that only had recalls, SOP installs and/or oil changes. I left in all other maintenance and other fluid changes or repairs. I compared all RO's to our PO book for the day to account for any emergency purchases. I also pulled all RO's from DSDA to see if their were any parts ordered but not charged out.</p>
