

Fixed Operations One Homework Assignment

The following are Excel exercises found in the Post Class Excel Template:

1. Perform the First Time Fill Rate exercise on 50 repair orders. Do not include “One item oil changes”, Special Ordered Parts repair orders, or factory recalls. Consider standing where the techs collect the parts from the counter. If they ask for 5 parts and they get all 5 then on that repair order the parts inventory would get a 100%. If they did not get all 5 to finish the repairs then the Parts inventory would get a “0” % **(25 points)**.
2. Complete the DMS Scorecard for one month. Be sure to color code the inventory conditions. **(25 points)**
3. Complete the Post Class Action Plan. The Academy would recommend that you attempt a small problem rather than one that takes many months to complete. It needs to be very detailed and clear as to the necessary steps to correct the deficiency. **(100 points)**

3. Please drop the excel document, the word document and the Action plan in the Post Class Dropbox at one time.. Remember that this is due the Monday before your service class starts. This allows the instructor to grade it prior to your arrival. Good Luck. Reach out if needed.

You will be required to post the one topic that you came away with from the parts class that you have already activated or plan to act upon with the parts department. Once your peers start posting theirs you will be required to respond to at least three with points of clarification and reinforcement. This has a point value of **300** points.
