

Fixed Operations One Homework Assignment

The following are Excel exercises found in the Post Class Excel Template:

- 1. Perform the First Time Fill Rate exercise on 50 repair orders. Do not include "One item oil changes", Special Ordered Parts repair orders, or factory recalls. Consider standing where the techs collect the parts from the counter. If they ask for 5 parts and they get all 5 then on that repair order the parts inventory would get a 100%. If they did not get all 5 to finish the repairs then the Parts inventory would get a "0" % (25 points).**
- 2. Complete the DMS Scorecard for one month. Be sure to color code the inventory conditions. (25 points)**
- 3. Complete the Post Class Action Plan. The Academy would recommend that you attempt a small problem rather than one that takes many months to complete. It needs to be very detailed and clear as to the necessary steps to correct the deficiency. (100 points)**

The following are found in the Post Class Word Document:

- 1. Have your Parts Manager answer the 78 questions provided in the Post Class word Document. This is a learning/understanding exercise. It is recommended that you answer the questions with the manager. Confer and provide suggestive actions. Change the color of the font to distinguish the answers. (50 points)**
- 2. The sponsor action plan verification form is on the word document. Copy and paste that form to be signed by your sponsor. Scan it to a PDF and place it with the Excel and Word documents prior to placing them into its drop box on your class site.**
- 3. These three files must be submitted to your class Dropbox site together. Reach out if you have questions.**
- 4. There is a Post Parts Class Threaded Discussion that will be activated exactly two (2) weeks after your classroom session ends. It is due the Monday before your Service Class starts. You will be required to post the one topic that you came away with from the parts class that you have already activated or plan to act upon with the parts department. Once your peers start posting theirs you will be required to respond to at least three with points of clarification and reinforcement. This has a point value of (300 points).**

5. **Finally: Best Parts idea needs to be posted to your class site Parts Best Idea Threaded Discussion. This should be an idea that helps control expenses or increases sales or gross profit. Please have all of them read just prior to your parts debrief the Monday of your Service Week. The class will ballot on the best idea at the 9:00AM break.**

2. Compare the pricing policies in the parts department and see how competitive your Dealership is within your area. **ONLY TOYOTA IN TOWN/ WE ARE THE ONLY DEALER IN TOWN BUT WE DO HAVE 7 COMPETING STORES WITHIN THE PROVINCE WE COULD COMPARE OURSELVES TOO**
3. Verify with the use of market surveys on selected parts prices in your area as to whether you are competitive with others. You don't have to be the lowest to sell more, but too little or too much profit can keep you from being competitive. **SAME AS NUMBER 2/**
4. Does the computer system you have follow one or more of the pricing guides for various types of customers? Review the pricing structure with the manager and determine areas of profit potential. Policies in wholesale, retail counter, service department, employees, etc., need to be established. **YES/YES**
5. Do you have in place policies and DMS controls (via Exception or Deviation Reports) to prevent counter people from changing the pricing structure during

daily transactions? What about Service Advisors? **NO IT IS NOT LOCKED/ WE DON'T LOCK IT BUT HAVE HAD MANY CONVERSATIONS ON THIS TOPIC**

6. Is there a process followed to prevent the costing of parts at other than the established factory (OE) cost within the dealership when parts are placed into the inventory? (done through the use of +/- inventory adjustment account(s))
YES/YES
7. Regardless of parts cost (due to various sourcing opportunities (Jobber/Wholesale Distributor), are they all costed at the same factory price to maintain accurate inventory value? **NO/NO**
8. How are discount purchases tracked in the system to show additional profit based on the cost of the part from a particular source other than factory price? **NO WE JUST DISCOUNT PRICE/ WHAT BRYAN HAS SAID IS CORRECT**
9. Do you have an internet presence for your parts department? **NO NOT YET/OTHER THAN OUR WEBSITE WE DO NOT**
10. What type of merchandising programs do you have in effect? What is the relative cost versus sales generated as a result of the programs? **PRICE MATCH ON TIRES/JUST STARTED SO NOT TRACKED/ TIRES WAS THE ONLY THING I THOUGHT OF ASWELL**
11. Is an outside salesperson active in your parts department? Are the sales at a level that “pays” for the employee or could the accounts be maintained on a part-time basis by the manager? **NO/NO**
12. Do you have factory merchandising dollars available, and if so, how much of those dollars have been spent year-to-date by the dealership? What must be done to qualify for more expense sharing in merchandising by the factory and the dealership? **NO/NO**
