

**Now Under New Management**  
**Don Johnson's Hayward Motors**

**800-505-6575**  
**15570 Hwy 63N**

**Over 200 Years of Service Experience!**

**10 Reasons Why You Get The Best Service From Your Authorized Dealer:**

- 1. Protection** – The average new car costs more than \$19,000, so consumers can't afford to rely on anyone other than a top professional to help them maintain and protect that investment. New car dealerships offer the highest level of technical training, state of the art equipment and factory specified parts.
- 2. Training** – Dealers and manufacturers spend considerable money on continuous training to ensure that technicians are up-to-date on today's increasingly complex vehicles. Additionally, every technician at Don Johnson's Hayward Motors is certified by the National Institute for Automotive Service Excellence (ASE).
- 3. Technicians** – Today's technicians must be electronic experts as well as good mechanics. That's why new vehicle dealerships offer the most experienced technicians in the auto repair industry.
- 4. Equipment** – Diagnostic equipment for today's automobiles can cost over \$100,000. Only franchised new car dealers are required to purchase and use the best equipment, and maintain computer links to factory experts.
- 5. Parts** – Only new car dealers are required to carry an inventory of parts to cover all repairs to the vehicles they sell, assuring customers quick repairs and genuine parts. Even if we don't have your part in stock, we can usually get it the same day.
- 6. Guarantees** – A dealer's reputation depends on customer satisfaction, that's why dealerships guarantee their repairs. Plus, original parts also carry additional manufacturer guarantees. (General Motors parts offer a 12 month/12,000 mile guarantee.)
- 7. Warranty** – All new cars today carry manufacturer warranties that specify maintenance schedules and repair procedures. Service from the dealer eliminates the possibility of voiding the warranty for failure to meet requirements. Extended service policies can also be purchased from dealers as added protection for your investment.
- 8. Convenience** – To ensure convenient service, dealers offer extended service hours that include evenings and weekends, express service lanes for routine maintenance and simple repairs, guaranteed time of delivery, local shuttle service, and often "loaner" cars while repairs are being made.
- 9. Price** – Your local auto dealer has fast service priced competitively. Often, your local dealership offers the best local price in addition to the best service, best parts, and best guarantee.
- 10. Satisfaction** – In both sales and service, customer satisfaction is the primary goal of every dealer. The best way to achieve this is to offer the best service support for you and your vehicle at the best value. Pretax prices valid as of 01/09/07
