Completing the 67900 and Companion Document for ICS - Virtual Classroom

Date: 1/31/2024 10:00 - 1/31/2024 11:00

This course explores completing the 67900 and the companion document for Integrated Community Supports (ICS). The process for calculating a person's amount of in-person and remote individual average staff hours per-day requires some time and experience, but we are here to be your guide and give you the tools you need! We will explore the four community living service categories; community participation, health, safety and wellness, household management and adaptive skills to determine how to populate the 67900 companion document and that capture how you will assess appropriate services in the scope of ICS. We will also look at the DWRS public framework to determine how staffing hours and licensed capacity affect daily rates for ICS.

STAR Services is a training, education, staffing, consulting, and business development resource for social service agencies, individuals, families, social service professionals, schools, and government agencies. STAR Trainers have a combined experience of over 100 years of supporting people with various disabilities and mental health conditions in a variety of settings. Learn more at starsvcs.com.
