Many Faces of Autism 1.5 clock hours

An Introduction to Characteristics and Simple Strategies

This introductory module presents information about unique characteristics of autism spectrum disorder (ASD), including social-communication, restricted interests and patterns of behavior, sensory, cognition and information processing, and emotional regulation. Five simple strategies are introduced that may be used anytime, anywhere with young children, students, and adults with ASD.

Course Completed:
April 2, 2024 - April 2, 2024

Shawn Henry, Executive Director, OCALI
