Jezebel was known in the Bible as the wife of Ahab who was a king of Israel a deal of alliance of her home country and Israel. She worshipped false Gods despite being a queen of Isrealites. Much of what is spoken about Jezebel is that she is the villain who can be compared to anything bad. Jezebel probably was not as bad as she was made to seem tough. Since she was not of the norm of an Isrealite because of her upbringing and her culture, it made her look as though she was a worse person than she was.
