## Support Type

Very Close  
Empathy  
Khia's mom, nephew, sister, religion, friends.

Advice  
religion's dad, nephew, sister, friends.

Influence: Positive  
Social  
Support types: Empathy, Social, Practical  
niece, religion, friends, immediate family

Notes: Khia considers herself to be religious and therefore is more religious and not spiritual.

Practical  
friend Khia duncan, Khia's mom, Khia's dad, brother, religion, friends, immediate family

Influence: Positive

Support types: Empathy, Advice, Social, Practical

Notes: Khia only confides in two people and those two are considered to be Khia's friends. Khia doesn't give a lot of energy to people who don't give the same back.

## Somewhat Close

khia duncan

Influence: Positive

Support types: Practical

Notes: Khia Duncan is a very independent woman and does not seek support from her family. Khia has a complicated relationship with her family and because of prior instances she has traumas and low self esteem.

Khia's mom

Influence: Positive

Support types: Empathy, Practical

Notes: Khia is closer to her mother more than her own father. Khia's mother is an immigrant but values family/education more than anything.

nephew

Influence: Positive

Support types: Empathy, Advice

Notes: Khia is close to her nephew one out of 4 of them. Her nephew is in high school and they are around the same age so they connect easily.

niece

Influence: In-between/Neutral

Support types: Social

Notes: Khia doesn't really see her niece. Khia only has one niece

immediate family

Influence: In-between/Neutral

Support types: Social, Practical

Notes: Khia doesn't consider herself to be close to her family because that was never a custom to be around or interact with them

## Not Close

Khia's dad

Influence: Negative

Support types: Advice, Practical

Notes: Khia is not close to her father but she still sees and talks to him from time to time. Khia only remembers the moments when she was verbally abused and psychically abused and because of it she is into herself.

brother

Influence: In-between/Neutral

Support types: Practical

Notes: Khia's relationship with her brother is bland. There is no good nor bad when it comes to her brother's influence on her life.

sister

**Influence:** In-between/Neutral

**Support types:** Empathy, Advice

**Notes:** As a big sister to Khia, khia does not care nor looks for her sibling
