Are Miraculous Gifts for Today?

There are arguments stating that some spiritual gifts, specifically miraculous gifts are no longer for today's church. Paul's teaching in 1 Corinthians chapters 12-14 is often referenced to prove so. I propose that miraculous gifts are in fact meant for the church today. The fact that there has been minimal if any manifestation of miraculous gifts in the church today does not prove that they are not meant for today or that they have completely ceased.
