

Aram Bashian  
Elevator Pitch

7/13/20  
CD713

Hey my name is Aram Bashian thanks for giving me a second to share the exciting ten year-vision of Grace Community Fellowship that we're implementing next month.

Our mission at GCF is to advance the Kingdom of God by making emotionally healthy and spiritually mature disciples who make disciples of Jesus Christ. GCF defines church according to Matthew 16 and 18 as a Spirit-filled family that advances the Kingdom of God.

Our vision is to make that happen by planting a network of multi-ethnic local home churches empowered by the Holy Spirit reaching Belmont to the Boston waterfront with our first fellowship launching next month!

Each home church fellowship will have at least one leader who has been called, trained, and commissioned to lead within the GCF Network and include participants who have humbly submitted to and affirm the community covenant. They'll meet weekly over a communal meal where prayer, service, hospitality, volunteering, celebration, and evangelism directed toward their community will be facilitated along with meeting as a larger body on Sunday at our Belmont location for worship, teaching, Sunday school, and fellowship.

GCF is proud of the fact that we are a Historically Armenian Church (HAC) and at the same time celebrate and welcome all ethnicities knowing we're made beautifully and wonderfully in the image of God.

Please join us in person 11 am Sunday at our Belmont campus, online at [gcf.org](http://gcf.org) or email me at [aram@gcf.org](mailto:aram@gcf.org). for more info about how you can get involved.

Asdvads baheh yev bahbaneh  
May the Lord bless and keep you.
