2. List the types of writing that you enjoy the most and explain why. Please submit this to Dropbox.

Answer:

I think I like Expository style writing. This type writing's main purpose is to explain. It is a subject-oriented writing style, in which authors focus on telling you about a given topic or subject without voicing their personal opinions. These types of essays or articles furnish you with relevant facts and figures but do not include their opinions. This is one of the most common types of writing. You always see it in textbooks and how-to articles. The author just tells you about a given subject, such as how to do something.
