Sarah, the life she lived and how she lived it

Sarah was first known as Sarai when she was introduced. She was married to Abraham whose name was Abram. God changed his name to Abraham which means "Father of many nations". God visits Sarah and tells her that they will have a son, the only problem is that both her and her husband were old.

Who is Sarah? Where is she from? What is known about her? What is her story?

I picked Sarah because is one of my favorite women in the Bible, she an ordinary woman used by an extraordinary God.

What did Sarah do? What does that Bible say about her? How did God use her? What did God do for her?

Information on Sarah. Where was she introduced? Who is associated with her? Other details.
