

GOD, the Creator

“For since the creation of the world God’s invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse”

(Bible: letter to the Romans chapter 1, verse 20)

The great scientist Isaac Newton said *“Atheism is so senseless. When I look at the solar system, I see the earth at the right distance from the sun to receive the proper amounts of heat and light. This did not happen by chance.”*

Dr. James Tour, a famous scientist of our days declared *“I build molecules for a living, I can’t begin to tell you how difficult that job is. I stand in AWE of GOD because of what He has done through His creation. Only a rookie who knows nothing about science would say science takes away from faith. **If you really study science, it will bring you closer to God.**”*

“I stand in awe of God because of what he has done through his creation. Only a rookie who knows nothing about science would say science takes away from faith. If you really study science, it will bring you closer to God.”

*-- Dr. James Tour
Nanoscientist
Rice University*
