

*Dedication:*

*I dedicate this final paper to my parents, my sister Natalia, and my triad female partners. Anna Kroik who invited me to participate in instrument teaching methods free of cost, believed in my potential and awakened a desire to change majors. Last but not least, to all the triumphs and failures behind this day and to the promise of knowing God deeper as my days advance.*

*To my pastor and spiritual family whose regenerate nature encourages me to seek God personally.*

A.B Simpson was born dec 5<sup>th</sup> 1844 in Prince Edward Island Canada of Scottish decent. His father was a ordained Presbyterian Minister and his mother attended house chores. A healthy plumpy boy developed normaly and exelled in studies. In early adulthood he surrendered his life to God and grew in faith. At a ripe lapse of his spiritual life Simpson went to Knox college. After graduating from Knox College in Toronto in 1865“Simpson accepted his first pastorate at Knox Church in Hamilton, one of Canada’s largest and most influential congregations. After eight years at the church, God led Simpson to Chestnut Street Presbyterian Church in Louisville, Kentucky. “God was answering his heart’s yearning for ‘better things,’” writes A. W. Tozer in Wingspread, a book that chronicles Simpson’s life. He was also providing Simpson, whose health was suffering, with a break from the harsh Canadian climate. Simpson realized that God was using his weakness to move him into a closer and deeper love for Jesus Christ. His dependence on God became natural, as did his communion with the Savior.” (<https://www.hopefaithprayer.com/online-books/a-b-simpson-biography/> date accessed 12/5/2020) Married Margaret. converted and the God he preached is real. In Lousville KY he preached evangelistically for people to get saved- he died to ambition and pride for the holy spirit filled him. Moves the entire family out of Luisville KY because he disagreed with infant baptism. Simpson walked away from a good salary because nowhere in bible God instructs babies have to baptize. Is the roman empire that adopted such practice. Became a independent minister. Preached salvation and repentance to immigrants, sinners. Because he was spirit filled Mark 8:34 best defines his legacy.

What impacts the writer is the aftermath divine healing. First, AB Simpson walked away from precius \$120,000 salary out of obedience not caring that his family depended on him. That is true faith. Second, Mr. Simpson started to minister less opulent, marginalized people. Does to be a minister of Christ Jesus to the Gentiles. He gave me the priestly duty of proclaiming the gospel of God, so that the Gentiles might become an offering acceptable to God, sanctified by the Holy Spirit Roman 16:17
