Directions

This plan was developed under the assumption that you won't be able to get back into schools and complete the requisite hours. Watching these videos and writing responses are designed to support the completion of those hours. Note the directions below:

LOG OF HOURS: Submit the log with the school location/ grade / classroom (incomplete or complete) in the drop box with total indicated, if you had any hours in a classroom WITH THIS POPULATION this semester. Discuss this with the instructor. Everyone should submit a log of hours listing the videos / and total hours (maximum 20).

You may fulfill the field experience requirements using the video / responses listed below.

SUBMIT WHAT: On a word doc, list the videos that you watched and then respond accordingly using the outline below. Some videos are lectures which are very informative. **Please total the number of hours 'completed' on this doc as well. Follow the dates for submission and sections carefully.**

SUBMIT WHERE: Submit in Drop Box Field / Video (either I or II).

Field Video Assignment I Sections 1 - 4 Due 2/28

Field Video Assignment II Sections 5 - 8 Due 4/11

For each video, respond using this format.

1. Summary (3 - 4 sentences)
2. An important question generated by the video
3. List of new terms or concepts associated with the video (5) *if possible
4. Your subjective reaction (opinion)
5. What you have learned and how it will impact your future teaching
